**1. BACKGROUND**

In 2009 the Government of Egypt (GoE) prepared the 'Sustainable Agricultural Development Strategy towards 2030, which aims to modernize agriculture and make efficient use of the available natural resources. The main strategic axes of the Governmental policy document are: **i)** to promote the sustainable use of natural agricultural resources, **ii)** to increase land and water productivity, **iii)** to improve the competitiveness of agricultural products. The overall goal is to improve food security of the rural inhabitants and to reduce poverty rates in rural areas. Recent Governmental policies in rural development emphasized the needs of expediting the steps that can boost the economy and improve productivity. The following top priorities were set up by the Government: **a)** making more land available for agriculture and **b)** ensuring adequate food supplies at affordable prices.

The EU Joint Rural Development Programme (EU-JRDP) financed by the European Union in 2014 is in line with the above mentioned Governmental rural development policies. EU-JRDP is an area-based initiative implemented by the Italian Development Cooperation in Matrouh, Minya and Fayoum Governorates. The EU-JRDP aims to strengthen the capacities of rural associations, both farmers and
